

M e m o r a n d u m

To: Captain Cory Darling, Police

From: Nick Arnis, Transportation Engineering Manager

Subject: Recent and past Citizen Service Requests (CSRs) regarding Local Street Safety issues based on TSAC sub committee recommendations

Date: 4-18-11

The TSAC sub committee met March 15, 2011 to review fifteen Neighborhood Traffic Calming Program CSRs (Attached). The sub committee that met consisted of Nick Arnis, Capt. Cory Darling, Rex Wolf, Sami Fournier, and Erik Huffman.

The sub committee decided to group the fifteen CSRs into three areas:

- Do we need data to know what the issue is in the CSR
- Could education be used for the CSR
- Can the CSR be assigned to Police for enforcement

The following are possible actions and locations for Police based on reports from citizens. I made two requests for placement of the speed trailer if that is possible.

Please contact me if you have questions or need more information.

Location and Date CSR Recorded	Request for Possible Police Action
NW Regency (Mt Washington to NW Jeffery Drive) 4/27/09	This location is for your information and to be made aware for future complaints
Daly Estates (Reed Mkt to Clairaway) 8/9/10	This location is for your information and to be made aware for future complaints
Wells Acres (Pecoraro to Eagle Rd) 7/1/10	Possibly assign to traffic patrol team – persistent issue with speeding complaints on a collector street
Wells Acres (Butler Mkt to 27 th) 4/15/10	Possibly assign to traffic patrol team – persistent issue with speeding complaints on a collector street
Neff Rd (@Shepared)	Possibly assign to traffic patrol team – this intersection is at the Pilot Butte MS
Mt. Washington (3 rd Street to Summit)	Possibly assign to traffic patrol team – persistent issue with speeding complaints.
NE Sierra (Boyd Acres to NE 18 th) 2/4/09	Trans. Division request for speed trailer – have received numerous complaints and have recorded speeds that are about 10mph over 25mph
Columbia St (Cumberland to Elgin) 2/24/09	Trans. Division request for speed trailer – street has speed tables/bumps however a park is located on the street
